

INTEGRA-SEAL® Rejuvenating Asphalt Sealer

Premium Asphalt Sealer

INTEGRA-SEAL® rejuvenating asphalt sealer is formulated with special polymers and additives to seal, protect, preserve, and beautify asphalt pavement.

INTEGRA-SEAL sealer is modified with high performance surfactant additives and has demonstrated superior performance relative to other asphalt-based sealers and like other UNIQUE products, is expected to outperform competitive products.

Coverage

One gallon of INTEGRA-SEAL® asphalt sealer will cover approximately 100 square feet (11 square yards).

Water may be added for greater coverage. Sand may be added for increased surface friction and crack filling. See product data sheet for proper use of water and/or sand.

Versatile Easy To Use Formulation

INTEGRA-SEAL® asphalt sealer is a non-skid formula that will fill and seal hairline cracks (1/8" or less).

Use **INTEGRA-SEAL** asphalt sealer on any paved asphalt surface, including driveways and parking lots.

How does your sealer compare to INTEGRA-SEAL® rejuvenating asphalt sealer?

Signature grade asphalt emulsion based formula

- | | |
|-----------------------------|---|
| › Professional grade | › Easy application |
| › Free of coal tar | › Increased adhesion and durability |
| › Stable for easy mixing | › Excellent adhesion to pavement surfaces |
| › Will fill hairline cracks | |
