

KOLD-FLO®

POURABLE CRACK FILLER

Prevents Cracks from forming into potholes

UNIQUE developed KOLD-FLO® pourable crack filler as a cost-effective repair solution that prevents cracks from forming into potholes by sealing them from the weather's destructive freeze and thaw cycles.

KOLD-FLO pourable crack filler is designed for maintenance of asphalt pavements and is ideal for roads, highways, parking lots, and driveways.

KOLD-FLO crack filler is formulated with UNIQUE's signature grade asphalt emulsion, special polymers, and additives to preserve pavements.

Coverage

One gallon of KOLD-FLO® crack filler will cover approximately:

Width x Depth	Linear Feet	Linear Meters
1/4" (6MM) x 1/4" (6MM)	300	92
1/2" (13MM) x 1/2" (13MM)	75	23
1" (25MM) x 1" (25MM)	25	8

Ready to Use saving you time and money

KOLD-FLO® crack filler requires no heating or special preparation, and is ready to use right out of the container. Repair crews save time being able to grab and go without waiting for the material to be ready for application.

Since no heat preparation is required, you save money by not having to waste material. The safety and portability of **KOLD-FLO** crack filler make it the crack filler of choice.

How does your crack filler compare to KOLD-FLO® crack filler?

Signature grade asphalt emulsion based formula

- › **Minimal Preparation:** No waiting for kettles to heat up. Crews can be ready to go in minutes. Equipment maintenance is near zero.
- › **Easy Application:** You can apply KOLD-FLO® crack filler right from its original container with a pour pot or drum pump.
- › **Safe to Apply:** Since no heating is required, you avoid the dangerous burns that can occur from hot-applied material.
- › **Reduced Traffic Delays:** When properly applied, **KOLD-FLO** crack filler can be driven over within 30 minutes without tracking.

KOLD-FLO® pourable crack filler is a convenient material for filling cracks without needing any special equipment or training.

Available in bottles, pails, and drums and totes.
